Objectives

1. Provide an overview of the budget development process
2. Learn about the process of conducting an assets and needs assessment
3. Learn about leadership opportunities for parents and families in LAUSD

Objetivos

1. *Proporcionar una visión general del proceso de elaboración del presupuesto*
2. *Aprender sobre el proceso de realizar una evaluación de atributos y necesidades*
3. *Aprender sobre oportunidades de liderazgo para padres/familias en LAUSD*

As a school, we are tasked with seeing to the academic growth and social-emotional needs of our students.

Como escuela, nos encargamos del crecimiento académico y las necesidades socioemocionales de nuestros estudiantes.

We receive **funds** from the local, state and federal government to do this. 

Recibimos fondos del gobierno local, estatal y federal para hacer esto.

Before we can determine how to spend these funds, we need to begin by looking at the **assets and needs** of our school community.

*Antes de que podamos determinar cómo invertir estos fondos, necesitamos empezar por considerar **los atributos y las necesidades** de nuestra comunidad escolar.*

Next, we need to **look at sources of data related to student success**
– attendance, academic, wellness
– to determine where we are.

*A continuación, debemos **examinar las fuentes de datos relacionados con el éxito de los estudiantes** – asistencia, académica, bienestar – para determinar dónde estamos.*

Then we can **identify what resources we have and will need** to reach the academic growth targets and meet needs of our students.

*Entonces podemos **identificar qué recursos tenemos y necesitaremos** para alcanzar los objetivos de crecimiento académico y satisfacer las necesidades de nuestros estudiantes.*

Budget Development Process Overview

***Resumen del proceso de desarrollo
presupuestario***

BUDGET PLANNING CYCLE

A year-round planning and budget process allows schools to more effectively analyze student needs, set goals, and prioritize investments well before a school receives its funding allocation.

It is an on-going process of monitoring data, sharing data with stakeholders, and evaluating programs to ensure academic and social progress.

CICLO DE PLANIFICACION DE PRESUPUESTOS

Un proceso de planificación y presupuesto anual permite a las escuelas analizar con mayor eficacia las necesidades de los estudiantes, establecer objetivos y priorizar las inversiones mucho antes de recibir su asignación de fondos.

Se trata de un proceso continuo de seguimiento de datos, intercambio de datos con las partes interesadas y evaluación de programas para garantizar el progreso académico y social.

What is an Asset and Needs Assessment?

According to the National Education Association (NEA), an Asset and Needs assessment is:

- “An inclusive process which includes families, students, community members, partners and school staff who define “what we have” and “what we need.”
- Asset assessment articulates the strengths and capabilities available within the school, the community and by potential partners.
- Needs assessment defines specific issues, concerns, and deficits to be addressed.”

¿Qué es una evaluación de atributos y necesidades?

Según la Asociación Nacional de Educación (NEA), una evaluación de atributos y necesidades es:

- *“un proceso inclusivo que incluye a familias, estudiantes, miembros de la comunidad, socios, y personal escolar que definen “lo que tenemos” y “lo que necesitamos”.*
- *La evaluación de atributos articula las fortalezas y capacidades disponibles dentro de la escuela, la comunidad y de los socios potenciales.*
- *La evaluación de necesidades define los problemas, preocupaciones y carencias específicas que deben abordarse.*

Outside contracts for teacher professional development like Kagan, Math, CKLA, writing				
Instructional Aide for Computer Labs (Mr. Seth's Position)				

ena does receive Proposition 28 and Cultural Arts Funding for the arts. The purpose of these funds is to increase the arts field trip experiences and enhance enrichment opportunities in the arts. These allocations are for Arts enrichment beyond the school day, including field trips to arts organizations that meet the ELOP funding requirements. Please provide feedback to the below questions.

What areas of our school might there be inequities in terms of access to the arts for our students?	
How can we address gaps in arts opportunities in our school?	
What would you like to see our school invest arts funding in? previously we have purchased field trips both during school time, which have extended beyond the school day, field trips on the weekends, and dance classes on a few Saturdays.	
Are there any other purchases you feel our students would benefit from that we have not included in the above survey?	

Provided by the District in the school year 2026-2027 school year.

Please complete a Needs assessment. If you have any questions about the resources listed above, please see Ms. Fisher or Mrs. Osorio.

Please return to Ms. Fisher by Wednesday, December 3, 2025.

SCHOOL EXPERIENCE SURVEY RESULTS 2024-25

The annual School Experience Survey for LAUSD presents survey items organized by three categories: Academics, Social Emotional Learning, and School Climate. The responses by survey items show the percent of responses from "Strongly Disagree to Strongly Agree," as well as, aggregate percentages for the top two most positive responses (Agree/Strongly Agree). Questions that were not answered do not get included in the calculation of the percentages. To begin, select the school from the dropdown menu. Then select the group and category to view the visualizations. **District (LAUSD) and Region are available also.** Survey items with an asterisk are not included in the overall percentages for the content area. **The survey window was from February 10th, 2025 through April 11, 2025 for Parents, and March 3rd through April 11th for Students and Staff.**

*In 2024-2025, for the Social Emotional Learning (SEL) items, students were randomly assigned to one of the two groups. Each group responded to questions related to only two of the four SEL constructs. Group A students responded to items on *Growth Mindset* and *Student Social Awareness*. Group B students responded to items on *Self-Efficacy* and *Self-Management*. **Because each student responded to only a subset of constructs, comparisons across all four SEL areas should be interpreted with this design in mind.**

The “What? So What? Now What?” Model

1. What?

- What is the issue?
- What were your initial expectations?
- What outcome did you observe?
- What population is impacted?

2. So What?

- Why is the finding important?
- How is the finding different from what you expected?
- What impacts the way you view the finding? (*What lens are you viewing from?*)

3. Now What?

- How can we address this issue?
- What seems to be the root cause(s) of the issue?
- What other work is currently happening to address the issue?
- What would you need to learn more about related to this issue?
- What follow-up is needed to address any challenges or difficulties?

Ejemplo del “¿qué? ¿entonces qué? ¿y ahora qué?”

1. ¿Qué?

- ¿Cuál es la cuestión?
- ¿Cuáles fueron sus expectativas iniciales?
- ¿Qué resultado observó?
- ¿Qué población está afectada?

2. ¿Entonces qué?

- ¿Por qué es importante ese hallazgo?
- ¿En qué se diferencia el hallazgo de lo que esperaba?
- ¿Qué influye en la forma en que ve el hallazgo? (*¿Desde qué perspectiva esta viendo esto?*)

3. ¿Ahora qué?

- ¿Cómo podemos abordar este problema?
- ¿Cuál parece ser la causa(s) raíz(s) del problema?
- ¿Qué otro trabajo está sucediendo actualmente para abordar el problema?
- ¿Qué necesitaría ud. para obtener más información relacionada con este problema?
- ¿Qué seguimiento se necesita para hacer frente a cualquier desafío o dificultad?

Example: Using School Experience Survey Data

Ejemplo: Usando la Encuesta sobre las Experiencias Escolar

What?	<i>Parent response rates are lower than staff and students.</i>
So What?	<ul style="list-style-type: none">• We may not be hearing from an important subset of parents• If we don't have enough parents participate in the survey, then our results may not truly be reflective of how most parents feel.
Now What?	<ul style="list-style-type: none">• We need to come up with ways to get more parents to participate.

¿Qué?	<i>Las tasas de respuesta de los padres son más bajas que las del personal y los estudiantes.</i>
¿Entonces qué?	<ul style="list-style-type: none">•Es posible que no nos estemos enterando de un importante subconjunto de padres•Si no participan suficientes padres en la encuesta, nuestros resultados posiblemente no sean un reflejo real de cómo se sienten la mayoría de los padres.
